## ALL OAKLAND WAITS FOR HEROES

### Broadway Sunday to Be Aflame With Color, Song, Banners and Bayonets

#### HOME COMING TO BE MARCH OF TRIUMPH

By W. B. MOYLE.

Picture Broadway, Oakland, next Sunday!

Lined with thousands of patriotic citizens, hearts gladly beating time to martial music and the rhythmic tread of marching feet, the city will go up and there will be shouts of victory. Five bands will accompany the glorious chorus of a people who have translated patriotism into service; who have said they all on the altar of their country's need and who shout and cheer because a million notes are being played on their heartstrings and silence would mean a smothering death as they stand.

Varicolored serpentine, thrown from the roofs of the buildings on either side of the street by the boys, Scouts, assisted by the public occupying places in office buildings, will hang from the telephone wires and light poles. It will serpentine everywhere. The parade from the grand marshal to the last man and woman in the line will be locked together by the curling many-hued streamers. Bayonets, shining in the light of a California sky, will catch the tangled serpentine as it floats down, and locked and interlocked with the heroes in khaki, it will bind them together as securely as they have been bound together by the ties of duty and honor.

SNOWSTORMS OF CONFETTI WILL HELP

Confetti—thousands of pounds of it—will be thrown from the roofs of the tall buildings and the air will be a soft rain of white. If the public only half meets the request of the Civic Welcome Committee to join in the parade and confetti-throwing this feature of the parade alone will be a magnificent spectacle.

A confetti fete on the Sabbath! Yes, better the day, better the deed. It will be the human and the material outpouring of the great spiritual joy that has fired the soul of a people thankful to the great God of us all for the victory; thankful that our boys are coming home; thankful that our hearts respond to the divine heroism of life.

Two hundred girls of the War Camp Community Service will lead the parade. They will march in front of the city hall and other choruses will sing to the waiting mothers and wives and sweethearts of the men.

The relatives of the men have been asked to wait in comfort at the grandstand, rather than inconvenience the forming of the parade at the train and prevent the possibility of being disappointed in the crowd that might have gathered at the train if the committee had not made this wise provision.

THICK LOADS OF WILD FLOWERS, FOR CARPET

Two truck-loads with poppies and wild flowers will precede the soldiers in a position just behind the megaphone choruses of girls. Twenty-five girls from the War Camp Community Service will throw these flowers that the feet of heroes may pass over them. A veritable carpet of poppies will be available if the heroes respond to the committee's request to gather the wild flowers today and tomorrow and deliver them to the municipal auditorium, which has been chosen as the most central place to receive them.

But the parade, after all, belongs to the people. This will be the gift of the soldiers. After the service they will be received at the Defenders' club at 4:30, and at 6 o'clock they will cross the street to the Hotel Oakland, where they will be the guests at a banquet at which they will be given all the luxury they can get. After the dinner they will be taken to Idora Park until 10:30 o'clock. At this time a special train will take them to the Key Route mole and from there a special ferry will take them direct to the Pres-

#### Official Line of March of Parade of 159th Sunday

Following is the official route of the parade of the 159th infantry, the Eastbay's own regiment, when it arrives in Oakland Sunday afternoon. All other routes previously published are to be disregarded:

The 159th, together with the Eastbay men of the 363rd and 347th who arrived last Tuesday, will form for parade at 3rd and Broadway. From this point, starting at 2:30 p. m., the parade will proceed north on Broadway to Fourteenth street; west on Fourteenth to Washington; north on Washington to the end of the city hall plaza, passing between the city hall and the stands which are being built on the plaza for the kinfolk division; around the plaza to Fourteenth; north on Broadway to Grand avenue; east on Grand avenue to Lakeside Park. At Lakeside Park the community welcome service, under the direction of Rev. Wm. Kenney Towner will be held.

### EVERY TREE TOP IS RADIO TOWER FOR ARMY CORPS

WASHINGTON, April 25.—(By Associated Press.)—A wireless tower was announced today by Major General Squier, chief signal officer of the army, revealing another war secret and telling the story of how the American army with a string of stations, using tree tops as antennae to read messages from ships at sea. General Squier made his disclosure in a paper read before the Physical Society of America, meeting here at the United States Bureau of Standards.

Afterward he took the scientists out into the woods near the bureau and demonstrated a portable laboratory erected there for experiments in development of the discovery. He showed how nature's wireless tower was nothing more than a small wire netting spread below and insulated wire hanging from a spike driven near the top.

The paper, which discussed the phenomenon in technical detail, described how the general began experiments in 1914 with a view to using growing trees as antennae, his attention having been attracted to the subject by the discovery during army maneuvers at Camp Atterden, California, that telegraph and telephone buzzers inoperative with ordinary grounding because of dry season and soil, became operative when connected with the trunk or roots of a tree.

Like the underground wireless developed for the navy by James H. Rogers, the tree top radio has been used with perfect results so far not in receiving, but also has been used successfully for transmission over short distances. Radio telephone messages have been received through trees, transmitted by them into Washington, and there transferred to the wire system.

"From the moment an acorn is planted in fertile soil," said General Squier, "it becomes a 'detector' and a 'receiver' of electro-magnetic waves and the marvelous properties of this acorn, through which it is entirely unknown to us, are such as to vitalize the acorn and to produce in time the giant oak. In the power of multiplying plant cells, it may, he called an incomparable amplifier."

### 'GRAFT' CASES MAY BE GIVEN TO GRAND JURY

Additional charges, growing out of the reports by Policeman Charles Nightingale alleging disclosures of Chinatown graft were made today. Supplementing the "Nightingale report" in the possession of Captain of Detective Walter J. Peterson, is a new report, tendered today by Police Lieutenant William P. Woods, former police chief, detailing alleged interferences when he was head of the moral squad for a few days last October.

A new turn was given the case late this afternoon when Chief of Police Nedderman issued a heated denial of the charges and at the same time made charges against Captain Peterson, as follows:

"In his administration \$10,000 per month may have been collected and distributed among a favored few. On one occasion he called me and other officers into his presence and informed us that batteries and gambling were not to be molested by any of us."

District Attorney Ezra W. Decoto said today that he has been submitted nothing in the nature of evidence in connection with the matter, but would like to know whether or not he has been in conference with the police department or any one connected with it.

He said positively that he would not make any consideration or investigation by the grand jury before the city election, if at all, and that he would order no such investigation unless those asking for it submitted tangible evidence. He means evidence that would, if substantiated, warrant indictment. He will not investigate the matter on the unsupported statement of any one person.

THE DISTRICT ATTORNEY would express no opinion of his own in regard to the charges and refused to comment in any manner upon the controversy. Woods' report, supplemented with statements by the officers under indictment, charges that a systematic campaign was waged by officers on beats in the downtown district to nullify his work. He says that women in the red-light district were warned of his operations and one of his policemen charges that this underground of opposition was through orders of high officials in Oakland and one in an adjoining county.

PETERSEN OUTLINES CHARGES OF GRAFT

This report, together with several other reports on Chinese gambling, is in the hands of Captain Peterson. Peterson, it developed today, has already been in conference with the district attorney and has outlined in part the disclosures in his possession.

It further developed today that before being moved to the Melrose station Captain Thorvald Brown, now head of the neutrality bureau, would after his suit on the "Tender's Club," made charges of a similar nature involving Chief of Police Henry Nedderman to Commissioner P. F. Morse. These were never acted upon.

Statements from several of the Chinese gambling magnates of Oakland, including Sam Koo, involving Dave Cockrell, declared in the "Nightingale report" to have been the "collector," are also in the police files.

SAYS EVIDENCE ENOUGH WITHOUT HIS DATA

Peteresen today said that while the evidence, independent of the "Nightingale report" in his possession, was sufficient to act on, he will probably not be prepared for several days to turn the documents over to the district attorney. He desires, he says, to check up additional charges in the new reports.

He deplores the fact that this disclosure comes during a political campaign, said Peterson, "for I am not offering this evidence with any political motives. I had intended to hold this until after the election, had the matter been brought to a head because of the statement made by Nightingale to Commissioner Morse. When this occurred I had no choice but to open up the matter."

WOODS SAYS HIS WORK WAS HAMPERED

The report filed today by Woods sets forth that Nightingale was deceived by Chief Nedderman, at the time he was placed in charge of the "moral squad," to work out of the chief's office, not co-operating with the squad, but reporting direct to Nedderman.

"I found adverse influences from this time on," said Woods today, in discussing his new report. "My men were unable to get co-operation. Our recommendations in regard to cases were tabled, and then later publicity was given the vice situation and action forced the licenses of the places to be revoked."

That he will call an immediate

### Vanguard of German Delegation Now at Versailles

VERSAILLES, April 25.—The vanguard of the German delegation arrived here today. It consisted of four minor representatives who will assist the French in arranging for reception of the main body of German delegates, which will reach here May 1. Special permission was granted the German government to send these representatives at this time.

### EUROPE TO GO BACK TO WAR BREAD BASIS

BY ASSOCIATED PRESS.

LEASER WIRE TO TRIBUNE

PARIS, April 25.—An increase in the milling percentage which will virtually put the world back to a war bread basis for the next three months is part of the program adopted by the supreme food council, under the chairmanship of Herbert C. Hoover.

The program also includes a complete plan for securing and distributing food to allied, liberated, neutral and enemy countries until the next harvest. One object of the program is to determine the available food supply and so to distribute shipping as not to put undue pressure on any one market.

NEW YORK, April 25.—Americans will continue to eat "white bread," restored last year after months of milling on a victory flour basis, despite the return of European countries to a war bread basis, announced by the supreme food council, Julius H. Barnes, president of the food administration, said today.

A survey of wheat stocks, Barnes said, had convinced his department that the American supply was sufficient not only to warrant continued production of all-wheat flour, but to meet the export demand until the next harvest.

### DURATION MEN TO BE WITHDRAWN FROM SIBERIA

BY UNITED PRESS.

WASHINGTON, April 25.—(By Associated Press.)—Movement of regularly enlisted men to Siberia to replace those men of the Siberian expedition who were drafted or who enlisted merely for the duration of the war will begin within a few days, it was learned at the War Department today. Several thousand men will be affected.

As fast as possible the War Department will relieve the National Army and duration men in Siberia. It is expected that every transport leaving the Pacific Coast for Siberia will carry a contingent of the replacements. War Department officials do not believe that more than 1500 men as many as can be carried on one transport will be sent at one shipment.

The shipments will continue until all men in Siberia are regularly enlisted men as replacements, and many more who enlisted in the regular army for the duration of the emergency.

### Chinese Hero Hides His D. S. Decoration

NEW YORK, April 25.—(By Associated Press.)—One of the bravest men in the 77th division is Shin Koo, a Chinese, born in San Francisco, according to his commander. Shin Koo is color sergeant, and has been in the line since the beginning of the war. He was awarded the Distinguished Service Cross (concealed under his coat) for extraordinary valor as a runner during a stubborn battle. When asked about his adventures, he would say was:

"No weak English."

### RIOTS ENDED IN GERMANY BY U. S. FOOD

BERLIN, April 25.—(By the Associated Press.)—Almost as suddenly as the recent strikes began here, Germany everywhere appears to be quieting again. The coal miners in the Ruhr district are returning to work and yesterday those in the Dusseldorf and Muelheim districts as well as half a dozen others, returned to the collieries. The fact that the men are resuming work is remarkable because the communists have urged a continuation of the strike.

A big factor has been the distribution of American food, which has proved a special attraction for laboring men.

The situation in Brunswick has quieted so that the authorities have been able to lighten the regulations incident to martial law.

HAMBURG AND MUNICH ONLY DISORDERLY CITIES

Hamburg is almost the only city, with the exception of Munich, where disorders have not quieted at least for the moment. Military forces are still in charge at Hamburg and with the police succeeded yesterday in bringing about order after communists had vainly stormed the police station. The communists have been guilty of a number of cruelties at Hamburg, it is charged, as a result of which innocent people have lost their lives.

The Rumanian government announces that after the visit of the French general, Franchet d'Esperey, to Budapest recently, Rumanian troops were ordered again to take the offensive against Hungary. It is said the order provoked great enthusiasm and that a number of Rumanian officers and troops from Transylvania joined the Rumanian army which in a rapid march occupied Grosswardein, capital of the Province of Bihar. Hungarian Red Guards fled from the city and large quantities of booty were captured by the Rumanians.

It is officially announced that the Rumanians continue to advance toward the Theiss river and that the Hungarians have been forced to evacuate their bridges.

Thousands of people are leaving Budapest. Five thousand women at Budapest have met and protested against the soviet government and Bolshevism.

GENEVA, April 25.—Czecho-Slovaks have attacked the city of Wlitz, twenty miles northeast of Prague, and are expected to take it soon. French troops are said to be aiding the Rumanians in their advance in Eastern Hungary, according to advices received here from Vienna.

### GRAVE SITUATION FOR RED GOVERNMENT

BERLIN, Wednesday, April 23.—(By Associated Press.)—Hungary has been hurriedly changed her borders in an effort to control the Rumanian invasion and prevent unfavorable news from escaping from the country. Reports from Budapest indicate that the situation is grave.

The days of the soviet government are perhaps numbered. The entire powers are said to have 60,000 soldiers in Hungary, which are advancing as Rumanian reserve. The Czechs are believed to be preparing to attack.

The people of Transylvania have revolted and are advancing with enthusiasm because of the agrarian measures imposed by the soviet regime.

A panic is said to reign in Budapest, where the communist authorities are reported to be ruthlessly arresting scores of the bourgeoisie. Thousands of the citizens are fleeing, according to reports.

The Budapest police have begun a counter revolution, but it is said all involved have been arrested. Government troops are leaving for the front unwillingly, having in mind the experience of their comrades who capitulated to the Rumanians.

### Five Millions Die From Flu in India

LONDON, April 15.—(By Associated Press.)—More than five million persons have died in British India from Spanish influenza, and fully a million others are believed to have died in the native states from the same epidemic, according to a report of the Indian government. The area affected contained a population of 238,026,240. In a few months, it is observed, influenza claimed had as many victims as did the dreaded plague in twenty years.

### Plebiscite to Settle Italy's Adriatic Claims Is Asked By Czecho-Slovak Envoys

Premier Orlando Given Demonstration on Return Home; Six Reported Wounded in Clash During Departure

JAPAN MAY BACK LATIN DEMANDS

(By United Press)

PARIS, April 25.—Czecho-Slovak representatives suggested to President Wilson this afternoon that a plebiscite be held to settle Italy's Adriatic claims.

Italian headquarters announced this afternoon that Premier Orlando had arrived in Italy and had been accorded a great demonstration. It was also announced that Italian troops are guarding the American embassy in Rome.

It is reported today that Premier Orlando will offer King Victor Emmanuel his resignation. If this is not accepted, the correspondent said, the premier will convolve parliament Monday or Tuesday.

(By Associated Press)

PARIS, April 25.—A distinctly more hopeful and less irreconcilable feeling prevailed at Italian headquarters today. No longer was there talk of a breach with the peace conference, but instead, it was said: "All may be settled within a fortnight. Premier Orlando has gone to Rome to consult parliament. Thereafter we shall see."

By JOHN EDWIN NEVIN.

International News Service Correspondent.

PARIS, April 25.—An attack was made upon the escort of Premier Orlando of Italy just before he left for Rome last night. Six persons were wounded in the fighting.

The trouble was precipitated by a soldier while Premier Orlando and fifteen attaches of the Italian delegation were on their way to the station to take the 8 o'clock train for Rome.

Later an investigation was made and it was officially announced that the attack was begun by a Serbian soldier.

The actual facts are said to be that a French pilot precipitated the trouble when he demanded of the Italian guard why the Italians were leaving Paris.

The whole affair may have started in jest, but for a time it threatened serious consequences. Cooler heads intervened and restored order. Feeling here is tense.

"We are going to uphold the honor and dignity of Italy, but so far no actual break has taken place in the peace discussions," said Premier Orlando just before his train left.

It is significant that Baron Sonnino, the Italian foreign minister, and the "strong man" of the Italian delegation, remained behind. Italy therefore, is in a position to resume the conferences even with Premier Orlando absent.

### Two Truck-Loads of Flowers Needed For Parade Carpet

To the People of Alameda County: A few tons of green foliage is needed by the Civic Welcome Committee for the purpose of decorating the streets of Oakland for Sunday's parade of the 159th and the Eastbay men of the 363d and 347th regiments of the 91st Division. Two truck-loads of wild flowers, poppies particularly, are needed to make a carpet of blossoms over which the battle-tryed warriors will march. It is urgently requested by the committee that foliage and flowers be delivered at the Municipal Auditorium as soon as possible so that the decorators will not be forced to work all Saturday night to dress the city in its gala clothes.

George B. Keefe, manager of the auditorium, is in charge of the decorations and will receive both the foliage and wild flowers at the Municipal Auditorium.

JESSE ROBINSON, Chairman Civic Welcome Committee.

### SPURN LEAGUE IF DALMATIA NOT AWARDED

BULLETIN.

PARIS, April 25.—An American officer who left Fiume three days ago, and who has just arrived in Paris, says it was reported there that a total of four thousand divisions had been moved to Fiume by the Italians. He said the city was full of Italian soldiers, who were arriving constantly.

By CAMILLO CIANFARRA.

United Press Staff Correspondent.

ROME, April 25.—A group of deputies passed a resolution today demanding that Italy refuse to join the League of Nations unless she is awarded Fiume, Zara and the Dalmatian islands.

Hundreds of thousands of persons participated today in wild anti-Wilson demonstrations throughout Italy. A strange division of sentiment attended most of the demonstrations, the crowds cheering America, but denouncing her President. The people were particularly demonstrative in Turin, Genoa, Bologna and Milan, where crowds marched through the streets, shouting "Hurrah for America! Down with Wilson!"

Political speakers hurrauged the throne, demanding the government refuse to recede from its stand for annexation of Fiume and Dalmatia. The speeches were constantly interrupted by storms of approving shouts and cheers.

A great reception is planned for Premier Orlando, news of whose departure from Paris was received here last night.

By INTERNATIONAL NEWS SERVICE LEASER WIRE TO TRIBUNE.

ROME, April 25.—Thousands of persons took part in fresh demonstrations today in Turin, Bologna, Milan and Genoa.

Resolutions condemning the attitude of President Wilson were adopted, but in many places crowds marched through the streets shouting "Long live America" and "Hurrah for the Americans."

"Down with Wilson" with shouts of "Down with Wilson" were heard. The authorities at Milan are urging the government to annex Fiume and Dalmatia at once.

The "big three" of the peace conference, President Wilson, Premier Orlando and Signor Barzilai, are expected to meet here today. The Italian press is printing hostile comment.

### French Approve Wilson's Attitude

NEW YORK, April 25.—President Wilson did his best to obtain a satisfactory solution of the Italian-Jugo Slav controversy over Fiume, said a Paris dispatch distributed by the French government wireless this afternoon, thus revealing the French opinion on the break.

The dispatch declared that if a lasting quarrel continued between Italy and Jugo-Slavia, future humanity would be disgraced.

"We must express the ardent wish that they may come to an agreement such as was long expected to be the result of their own accord, and which Mr. Wilson, as far as we were concerned, did his best to bring about," said the message.

### Dry Law Referendum Has 10,000 Signers

SAN FRANCISCO, April 25.—Two days' circulation of referendum petitions repelling the action taken by the California legislature in ratifying the sheppard federal dry amendment and the Harris enforcement act have netted 10,000 signatures in and around San Francisco.

The information was given out this afternoon by Frank J. Roney, in charge of the petitions now being circulated by the allied liquor interests.

### League to Consider Labor Regulations

PARIS, April 25.—A plenary session of the peace conference probably will be held on Monday to consider the covenant of the league of nations and labor regulations, it was said today.

# OAKLAND OVER MILLION MARK IN LOAN DRIVE

Oakland has passed a million dollars in subscriptions to the Victory loan. Alameda county is around the two million mark. Livermore, in three days, has subscribed 19 per cent of its quota. Washington township, in the same time, has reached 39 per cent of its quota. This is owing to the work of August May, John C. Santos Jr. and F. T. Dusterberry, with their patriotic volunteer workers, who have organized the towns and cities in the township thoroughly.

"It looks like the real sort of Honor Week," says Chairman William Cavalier of the Victory loan committee.

**MOVEMENT GROWING.**  
The campaign is gaining impetus daily. Business houses, city and county offices, fraternal organizations and factories are organizing regular Victory loan campaigns of their own.

An example is the San Francisco-Oakland Terminal Railway. In three days and a half 100% of the company's employees subscribed for \$73,650 worth of Victory loan notes.

It is not only patriotism that the Victory loan appeals to. It is a business investment in a 4 1/2 per cent interest on a note that matures in four years.

**RAILROADS AT SCHOOL.**  
And all sorts of meetings are being held for the Victory loan. Tonight's program includes rallies at the Technical, Vocational, University, Intermediate and Fremont high schools.

and states that every home in Oakland will be canvassed by the end of the week.

A mammoth meeting of the volunteers of the home canvass department will be held at the theater of the Auditorium next Monday evening at 8 o'clock. An excellent musical program has been arranged. Sergeant O. W. Olsen, Company 1, 2d Infantry, Second division, and Private W. T. Stroud, 16th Infantry, 42d division, now in the Letterman hospital, each having lost an arm in France, will tell of their experiences.

The Moore shipyards announced last night that they had subscribed \$125,000, \$50,000 to be credited to Oakland and \$75,000 to San Francisco.

George A. Ames, president and general manager, subscribed \$50,000 personally.

### Oversubscription of Victory Loan Sought

The Victory Liberty loan is the thermometer by which the capitalists of Europe are reading the public opinion of America and a large oversubscription in the Victory drive will have a marked effect on the deficit attitude which some of the German statesmen have taken toward the allied demands of the peace conference, according to George K. Weeks, chairman of the executive committee for the Victory drive in the Twelfth Federal reserve district.

Even though the government has announced that it will not receive oversubscriptions to the Victory loan, the people must offer more than is asked for the moral effect in foreign countries as well as its bearing on market value in this country, says Weeks.

In a statement issued yesterday, he calls on loan workers not to relax their efforts even though the quotas for their districts have been raised.

### San Quentin Buys \$2050 in New Bonds

Prisoners at San Quentin have purchased \$2050 worth of Victory Liberty loan bonds and have assisted in putting the town of San Quentin over the top.

"These men without freedom are able to place a full valuation upon liberty," says Warden J. A. Johnson. "In proportion to their ability they have, throughout the war, contributed in a more liberal way than most others. They have bought continuously of the War Savings stamps and practically all of those with money have purchased Liberty bonds."

## \$100,000 A DAY, BERKELEY'S AIM

BERKELEY, April 25.—Berkeley's subscriptions in the Victory Loan today amounted to \$420,500.

Yesterday the sum of \$117,850 was added to the list of subscriptions, an amount which Chairman W. F. Morrish declares must be raised every day for sixteen days if the city is to go over the top. Subscriptions raised thus far total but 648 in number as compared to 2142 on the same day during the last drive.

"We must raise \$100,000 every day for the next sixteen days if we are to finish the job in the manner in which we should," declared Morrish today. "There can be no halfway measure. We must go over the top and go over with the same record as in the past."

Morrish has issued a call for 300 additional workers to aid in canvassing the city. A meeting of the executive committee in charge of the drive was held this afternoon to discuss further plans for the raising of the local quota.

### WHIPPET TANK HERE TO HELP LOAN DRIVE

The first of the battle tanks made their appearance in Oakland this morning.

Promptly at 9 o'clock one of the armored fighters of the "whippet" variety arrived and reported to the Victory loan headquarters. It was immediately manned by a speaker, Paul Dickey, the actor Playwright from the Orpheum and set forth upon its travels.

The first point made was the Moore shipyards, where Dickey made a speech and dozens of bonds were sold. The tank then lumbered along the Union Construction plant, where more speeches were made and more bonds sold.

During the afternoon the tank ambled up and down Broadway.

## Stanford Co-Eds Bar "Shimmy" Naughty, Naughty, Say Students

STANFORD UNIVERSITY, April 25.—As a climax to the wave of comment that swept the campus here following a recent student athletic carnival, when the new "shimmy" dance was introduced, the Women's Conference, which controls all women's student activities, last night, after a lengthy secret conference, adopted resolutions banning the "shimmy" from all student affairs.

Copies of the resolutions are being sent out today to all fraternities and sorority houses with requests for their adoption.

The religious quiver of the shimmy is no longer ethical on the campus. The shimmy was imported to the campus two weeks ago at an athletic carnival. One of the concessions was run jointly by the Beta Psi fraternity and the Kappa Kappa Gamma sorority.

On the third floor of the concession, co-eds taught the naughty shimmy to unsuspecting and excited Stanford youths. After they became sufficiently proficient they were sent down to the main dance, where they could shimmy with more of the fair co-eds at a nickel a dance.

Needles to say, this concession contributed most to the athletic fund. But when fantastic tales of the Oriental bliss which comes to devotees of the shimmy came to academic ears of the faculty things hummed.

The Women's Conference was called to ban the shimmy after the joint announcement by women members of the faculty that the would no longer chaperon affairs at which the shimmy was danced.

Miss Harriet Bradford, dean of women, was the worst. She said it was "pagan, unrefined, immoral and improper."

With the Junior Prom, the biggest social event of the university year, but a few weeks off, prompt action was needed to reconcile the horrified faculty.

So the resolutions have been adopted and sent broadcast. The conference at which the resolutions were passed was presided over by Miss Ruth Chandler of Los Angeles. One of the most vehement speakers to deplore the introduction of the shimmy was Miss Margaret Shedd, niece of Dr. Ray Lyman Wilbur, president of Stanford.

Twenty-five girls attended the conference, which took one more joy out of the life of the Stanford men.

## KILLED TRYING TO PROTECT BOY

Solomon Sawyer, colored, is dead, and David Morris, also colored, is in the city jail charged with his death, as the result, according to the police, of an attempt by Sawyer to save a boy from a beating at the hands of the other man. According to Detectives Tom Robinson and Richard V. McSorley, Morris was beating a small boy, and when Sawyer interfered, Morris, drawing a revolver, and shooting Sawyer, who died almost instantly. The shooting took place last night at Seventh and Wood streets.

Neighbors who saw the shooting summoned the police and Morris was placed under arrest. He was booked on a murder charge.

# JOB WAITING FOR ALL BOYS OF THE 159TH

Every Alameda county man in the uniform of the 159th is waiting for him if it is humanly possible to find it, or if it can be created by the public spirited citizens of the district," said Colonel J. M. Smith, director of the community placement bureau, 314 Broadway, yesterday before leaving for Stockton to meet the train bearing men of the old California regiment to this city.

The community placement bureau is the semi-governmental agency organized to take the place of the United States employment agencies, which were closed in March when Congress adjourned without making appropriations for carrying on the work of bringing together the returning soldier and the job. During the few weeks it has been organized the bureau has been able to place several hundred returned soldiers in well paying positions. Backed financially by the War Camp Community Service, the bureau plans to shoulder the entire burden previously borne by the government until Congress can again see its way clear to make suitable appropriations.

"Since it was announced a week ago that there were not enough jobs to go around among the returned soldiers needing work, there has been an inspiring response from employers who in many cases have created jobs," said Smith. "For a while the situation seemed rather alarming with the return in the 91st division of close to 2,000 men, particularly when it is remembered that already there were quite a number of soldiers readily ready for employment. However, that situation is now cleared up and with a con-

# 159th Welcome Decorations Urged Greens and Foliage Appeal Sent Out

Decorate! This is the request of the civic welcome committee to the storekeepers, the downtown merchants of Oakland for the Big Day—the day the boys of the 159th come home, Sunday.

George B. Keefe, chairman of the decoration committee, manager of the municipal auditorium, sent out an appeal today for greens and foliage to be used in the street decorations.

Keefe asks that everyone having green- and foliage send them to him at the auditorium or telephone him, Lake-side 3600, where he can send for the decorations.

Meanwhile Broadway and Washington street merchants are urged to get out the flags and the bunting and the colors of the allies.

Abundance of the present splendid attitude of the employers there is no serious fear of any soldier long remaining out of employment.

Reports made to the state committee on readjustment from placement bureaus show that the disposition of California employers is that they did not consider their patriotic obligations in leaving their jobs when the armistice was signed, and they are assisting the state committee and the placement organizations in the various sections with an enthusiasm that is very assisting for the future. Industrial management on the human side will never be more important and to America that it is now.

"There is no more direct mode of policy, and of material, will determine efficiency and ultimate success. The employer has the great opportunity and privilege now of making his business profitable to his own people and to the nation. The service has been the greatest in its history, and it is the duty of the nation to make it as profitable as possible to the man who has given it."—J. M. Smith.

The sending out to the state committee's placement bureau, which is the form of the names, addresses and former occupations of returned soldiers, has been of considerable assistance in having the jobs for the soldier and the soldier for the job. The return of the soldier for the job is the return of the job for the soldier.

**NO TROUBLE IN PLACING.**

J. H. Neal, secretary of the Stockton placement bureau, acknowledging the names of soldiers from overseas, says: "San Joaquin county is standing 'true blue' to the boys and will be the first to make them feel at home from the moment they get out of the train and over the Santa Fe bridge. There has been no trouble in placing the boys here. We will be glad to have them here in the placement work as fast as the boys return."

From Modesto, J. M. Alexander, chairman of the placement committee, writes: "I have your letter of our returning boys. We have the matter well in hand and they will be placed as soon as they reach here."

J. A. McVittie of the Contra Costa division, writes: "The matter of securing employment for these men on the roster you have sent me has been recently been attended to."

A. E. Bray of Martinez writes: "Positions are open and waiting for all 'Mud-men'."

**POSITIONS ARE WAITING.**

George L. Lane of the Fortuna placement committee, writes: "Acknowledging receipt of roster of service men, employment is ready as soon as they are here."

From Frank S. Scherer of Independence, "Roster of 2643 infantry containing names from Independence, California, received. Positions are ready and waiting for them."

C. H. Swann, chairman of Modesto placement bureau, "Looking over the list received from you of men from overseas returning to Modesto, I am glad to state that the majority of these men will be taken care of immediately and the rest will have the attention of the committee of citizens."

From Wilcox, M. Pitney, chairman of the Union county placement bureau, writes: "Roster of 2643 just received. Send the boys on and we will take care of them."

**PLENTY OF WORK.**

J. A. Hill, chairman of the placement bureau of Roseville, writes: "I am already acquainted with all the boys on the list and have made inquiries as to their former positions and find that there is plenty of work as soon as they reach here."

S. H. Jones, chairman of Orange division, writes: "Roster of men returning to this county is at hand. We will be glad to take care of them in good and with gratitude."

J. J. Brooks, secretary of the San Jose Chamber of Commerce, writes: "We have the roster of Santa Clara county boys and had them published in the local papers. Their jobs will be waiting for them."

Jos. Levy, of the Lakeport placement bureau, writes: "Have roster of men from Lakeport who are in 159th. They will be placed."

W. H. Hulse, chairman of the Kern county soldiers and sailors' replacement bureau, writes: "Your letter with roster received. There is no trouble waiting in the replacement of Kern county boys. They will be well taken care of."

# BOMBS WILL TELL COMING OF SOLDIERS

Bombs set off on the roof of The Tideline building will be the signal to announce the arrival of the first section of the train bearing the 159th regiment at the outskirts of the city. The bombs will be the signal for the starting of whistles, sirens and every other conceivable noise-making appliance. Then will follow the program of events:

2:30 p. m.—Parade will start from Third and Broadway, proceeding along Broadway to Fourteenth; west on Fourteenth to Washington; around the City Hall Plaza to Fourteenth; north on Broadway to Grand avenue; east on Grand avenue to Lakeside park.

2:30 p. m.—Community welcome service at the bandstand in Lakeside park, under the direction of the Rev. William Keeney Towner. The clergy of Alameda county is invited to occupy seats on the platform.

4:30 p. m.—The military, accompanied by the girls' chorus of the War Camp Community Service, will march to the Soldiers' Club, where a reception for the men will be held. Delegates will be able to meet their kinfolk at this time.

6 p. m.—The 159th and the decorations of the 353d and 374th will be on parade, marching at a banquet at the Hotel Oakland.

8:30 p. m.—A special Key Route train will be formed on Thirteenth street opposite the Hotel Oakland, which will carry the men to Idora park. From 8:30 to 10:30 p. m. the men will be given free admission to every concession in the park.

10:30 p. m.—A special train will take the men to the Key Route mole, where they will board a special ferry that will take them direct to the Presidio wharf. An advance party will have sleeping quarters ready for the tired soldiers.

# EVERY FLAG IN CITY IS WANTED FOR DECORATION

Merchants whose places of business are along the route of march in Sunday's parade are requested by the civic welcome committee to decorate their buildings. Every flag and piece of bunting in the city should be shown.

Owners of buildings along the route are requested to keep open their buildings so that members of the Boy Scouts may be able to occupy places at all windows from the first floor to the roof for the purpose of throwing confetti and serpentine over the heads of the crowds and the marching soldiers.

Other occupants of these windows are asked to give complete right of way on this occasion to the Boy Scouts, who have been charged with the responsibility of the serpentine and confetti throwing.

JESSE ROBINSON, Chairman Civic Welcome Committee.

# AGREE ON DAMAGES FOR DEPORTATIONS

BISBEE, Ariz., April 25.—Damage suits growing out of the deportation of 200 men from Bisbee in July, 1917, may be settled out of court. The big corporations and wealthy residents of Bisbee who are named as defendants are said to have agreed to reimburse the deported men on the following basis:

Married men with children, \$1250; married men, \$1000; single men, \$500.

Each of the deported men entered suit for \$10,000 after Sheriff Harry Wheeler, with 1000 deputies, conducted a roundup of strikers and sympathizers, placed them on a freight train and sent them to Columbus, N. M.

The list of defendants included the Phelps-Dodge Corporation; the Phelps-Dodge Mercantile Company; the Calumet and Arizona Mining Company; the El Paso Southwestern Railway Company and a number of high officials of copper mining companies and prominent residents of Bisbee.

**SWEDISH DANCE TONIGHT.**

The Swedish Society will give a dance tonight in Jenny Lind hall. A committee has had the affair in hand for a week and it is expected that there will be a large attendance.

# Red Cross Worker to Tell Her Experiences

Miss Mary Eyre, who has returned to the Pacific Coast after two years of active war service in Paris at the Red Cross headquarters, will tell of her experiences overseas at an informal 6 o'clock dinner of the Membership Club of the Red Cross for Women's Service Monday night. The announcement is made by Mrs. Duncan McIntire, president of the state body, whose clubrooms have been established at 323 Kearney street, San Francisco.

Miss Eyre was among the first of the California women to enter foreign service. After a year abroad she returned to her home in San Francisco, but was back almost immediately, remaining until after the signing of the armistice. She has been identified with the bureau of supplies in Paris.

# Professor Graham to Talk of Colombia

Professor W. M. Graham of the University of California will speak tonight in Franklin school, Ninth avenue and East Sixteenth street, on the subject, "The Republic of Colombia." The lecture is one of the course for adults arranged by the Board of Education.

Graham was for nine years stationed at Bogota, and during his residence visited in other portions of the country. His lecture will deal with the life of the people, their customs, manners and the experiences of travel. Preceding the lecture there will be some lantern slide views of the chief objects of interest.

## "DRY" LAW TO BE ENFORCED, IS WARNING

NEW YORK, April 25.—The government proposes a literal enforcement of the war-time prohibition act, including a ban on production and sale of all beers and wines, whether or not they are intoxicating, the department of justice announced through a special representative in the Federal Court.

While no steps will be taken to prevent brewing, pending a court determination of the law's constitutionality raised by brewers of the New York district, manufacturers will operate in peril of future prosecution, according to the statement of William C. Fitts, special counsel appearing for Attorney General Palmer in the beer litigation.

The attorney advised Judge A. N. Hand, who heard arguments on the government's motion to dismiss the suit brought on behalf of the national brewing interests by the Jacob Hoffman Brewing Company to restrain the federal authorities from interfering with its production of two and three-quarter percent beer, that the department of justice did not know and did not care whether beer of the strength indicated was intoxicating.

The law prohibited sale after June 30 of distilled beverages as well as manufacture after April 20 and sale after June 30 of "beer, wine and other intoxicating malt or vinous liquors for beverage purposes," pending the determination of the military forces, he said. The words "beer" and "wine" were not qualified, in the opinion of the government, he added, and the apparent Congressional intention to stop the "waste" of grains and fruits in their production in any strength would be enforced.

ROOF MAKES ARGUMENT.

With "this thing" hanging to America for food, Fitts contended, the necessity of its conservation was greater "even than on the day of Chateau Thierry" and it was equally essential that "liquors be withheld from public sale while the army and navy were undergoing demobilization."

To this statement Judge Hand added his opinion that the war "was still in progress, which was one of the complainant's contentions."

Following Elmer Root, who argues that the prohibition law did not apply to beer which was not intoxicating (in which case the law requires the 2 1/2 per cent product) and that the act, having been passed after the signing of the armistice and the expiration of the war emergency, was unconstitutional, Fitts contended that the government had never threatened to begin prosecutions under the emergency prohibition act. He added that he did not propose any action along this line until the beer had been given time to consider the litigation in progress. Should there be any change in his attitude, he said, he would advise the court and the brewers' counsel.

The litigation was discontinued as affecting threats of the internal revenue department to prosecute manufacturers of a 2 1/2 per cent beer up to April 30, when the government counsel admitted that Commissioner Roper had erred in ruling under the food conservation laws that beer of one-half of 1 per cent or greater alcoholic content was intoxicating and so could not be manufactured under the President's proclamation permitting production of "near-beer."

None but a court had authority to pronounce a beverage intoxicating or the opposite, Fitts said, and cited the commissioner's recent order permitting brewing of the 2 1/2 per cent beverage as a confession of his mistake.

ARGUES FOR ACT.

Arguing for the constitutionality of the war-time prohibition act, Fitts declared that Congress, in providing funds with which the secretary of agriculture was to carry out food-conservation measures, said to him: "And while you are doing it, don't waste any grain making beer or any fruit making wine."

Stating his desire to give an early decision in this case, Judge Hand arranged for submission of briefs before the end of next week. Former Senator Root, who announced that, whatever the determination, the issue "should be carried" to the Supreme Court.

### New Styles in Stylish Stout Corsets

Corsets that assure a fashionable silhouette and a much greater slenderization than the average corset, as they redistribute superfluous flesh without causing discomfort.

Stylish Stout Corsets are not merely extra-sized corsets, but practical reducing garments constructed by a system of goring which is especially flattering to the heavy figure. Scientifically constructed and thoroughly comfortable.

For medium, stout and extra large figure. Of durable flesh and white coutil with sturdy hose supporters and dependable boning. All sizes from 26 to 42. Prices **\$8.50 to \$17.50.**

**Our Corset Shop Specializes on Corseting Large Women**

The difference between a properly fitted and an improperly fitted corset is the difference between stylish trimness and dowdiness. Our Corset Shop realizes the vital relation of the "right" corset to the stylish appearance of the larger woman. Here are expert corset-makers who have made a special study of fitting heavy figures—be they short or tall or average height—with correctly fitting corsets and brassieres.

### Large Thefts Are Charged to Cashier

SACRAMENTO, April 25.—The theft of sums aggregating \$204,000 is charged in the Federal Grand Jury indictment returned here against Frank A. Brush, former cashier of the Santa Rosa National Bank. Brush is indicted on thirty counts, each charging the embezzlement of a certain specified sum. It is charged that the banker extended over a period from May, 1916, to late in 1918, his handsomeness, surrendered him.

### Anti-Bolsheviki Is Type of Statesman

OMSK, Siberia, April 25.—One of the younger men attached to the Omsk government is N. Zefiroff, the son of a minister of supplies, who was born near Simbirsk, the son of the village schoolmaster. In 1906, he completed his studies at the academy of Simbirsk and entered the Polytechnic Institute of Petrograd, receiving his degree of doctor of political economy. As a young man, Zefiroff took an active interest in the work of the zemstvos and in municipal politics generally.

### Roald Amundsen to Dash for Pole

CHRISTIANIA, March 26 (By Mail).—The Norwegian government has arranged to put food depots at different places on Grant Land from Cape Columbia to Johnson canal for the use of Roald Amundsen who, in the summer of 1929, expects to make a final dash for the pole on skis and with sleighs by way of Grant Land or Winter Harbor on Melville Island.

### Interscholastic Tennis Meet to Attract Students

The dates are set for the Northern California interscholastic tennis tournament, to be staged at the Claremont Country Club, Thursday and Friday, May 8 and 9. On Friday afternoon an elaborate luncheon will be served at the clubhouse for 250 of the participants and their guests. The meet always one of the most important events in local school circles, will be doubly interesting this year since many of the players will be from Miss Head's and Miss Ransom's school in Berkeley and Piedmont, respectively. The list of players will be complete within a few days.

MRS. FRANK MILTON AVERY, who will assist in arranging details for Gun Day, Saturday, May 3, for the benefit of the Ladies' Relief Society.

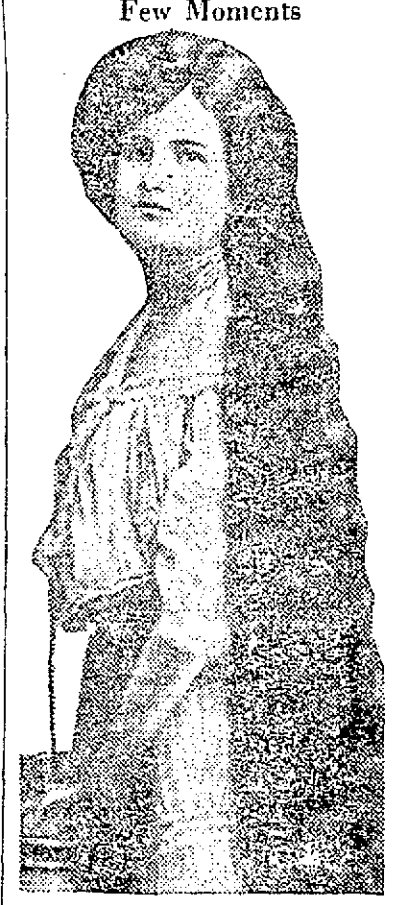

### Private Will Hayes Entertains Fighters

Private Will Hayes, U. S. A., who is well known to the Oakland theater-going public as the character man who appeared with the Dillon and King company in 1916 at the Macdonough theater, is touring the camps in Siberia, staging for the American soldiers the same shows in which he has appeared throughout the west for many years. Hayes was with the first United States troops to go overseas.

### DANDRUFF MAKES HAIR FALL OUT

A Small Bottle of 'Danderine' Keeps Hair Thick, Strong, Beautiful

Girls! Try This! Doubles Beauty of Your Hair in a Few Moments

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—just—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine for a few cents at any drug store or toilet counter, and prove that your hair is as pretty and soft as any that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Advertisement.

### AVOID COUGHS AND COUGHERS!

Coughing, Sore Throat, Discomfort

### SHILOH

30 DROPS STOP COUGHS! HALF TEASPOON FOR CHILDREN

The Best Cough Medicine. When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it and when in need of such a medicine is almost certain to use it himself in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. R. Jones, a well known druggist of Cuyahoga, Ky., says, "I have used Chamberlain's Cough Remedy in my family for the past seven years, and have found it to be the best cough medicine I have ever known." ### Amusements to Aid Germany's Treasury

BERLIN, April 25.—German pleasure-seekers will be called upon to pay a considerable part of the cost of the war through a special amusement tax which will form an important part of the government's new financial policy. The tax will apply to admissions to theaters, concerts, the movies and dances. Starting at 10 per cent on the cheaper tickets, it rises to 30 per cent on the price of better seats.

The passion for amusement after long years of war is so great that the tax is not expected to discourage attendance at theaters. Gambling is in great favor in Germany just now, and the playing card tax, which is an ordinary thing, would be considered prohibitive, is expected to have practically no effect on sales of cards.

### WILL GIVE BARN DANCE.

A barn dance will be given in Lincoln hall, Fruitvale, on Monday night, April 28, by Vocalists Laura K. Council, No. 46, Degree of Vocalists, I. O. G. T. M. The committee on arrangements includes Sister Gertrude Williams, Brother Chavez, Sisters Paine and Stewart.

## High Costs Affect Operation Greater Revenues Required

Changes in Bell Telephone Rates - 1913 to 1918 Compared with Changes in Wages and Prices

SINCE 1913 there has been a steady increase in the price of all commodities and the products of industry, which has not been reflected in a corresponding increase in telephone rates. In order to meet the past and present high cost of telephone operation, a revenue in just proportion to the expense must be secured.

The reason is simple. The cost of telephone operation has steadily advanced both because of the increased cost of material and the increased living cost of employees. The consumer has realized the necessity of paying more for rent, for food, for clothing and for transportation. The telephone industry has been affected by the same conditions which have produced higher prices in all of the necessities of life.

Between 1913 and 1918, commodity prices advanced 112%, wages advanced 72% and Bell Telephone rates the country over advanced only 4%. Adequate rates are needed if the service is to be maintained efficiently and on a comprehensive scale, so as to meet the increasing demands of the public.

This company is operating its telephone property under the direction of the Postmaster General for the United States Government and must secure sufficient revenue to cover the cost of rendering the service.

## LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates. Advertisement.

## Get rid of that dandruff with Resinol

Dandruff often causes irritation of the scalp followed by the loss of hair. It should receive careful treatment. For best results wash the hair with Resinol Soap and occasionally touch the parts of the scalp where the dandruff appears with a little Resinol Ointment.

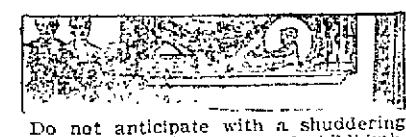

Usually this treatment is successful promptly—the hair appears glossy and soft, and the scalp regains its normal skin health.

Sold by all druggists. For free samples write Resinol, Baltimore, Md.

## Coming Events

### Cast Their Shadows

Prepare Now to Withstand the Crisis.

Do not anticipate with a shuddering dread the beautiful event of childbirth. You can avoid discomfort during the period and strain at the crisis by preparing your system and putting yourself in splendid condition long before the time. For just this purpose women all over the land, in every walk of life, have used for over half a century the time-honored and famous remedy, Mother's Friend. It is prepared to give the mother-to-be that divine help she needs. The muscles, nerves, tendons and organs are made and kept soft and elastic. This strain is avoided, and as a result nervousness, nausea, hemorrhoids and stretching pains are avoided. The abdominal muscles expand easily and gently when baby is born. Naturally, pain is less and the hours are fewer. The system is prepared and the crisis is one of much less danger. Write the Bradford-Rogers Company, Dept. M, Lema Building, Atlanta, Georgia, for their booklet, Mother's Friend, and obtain a bottle of Mother's Friend from the druggist today. It is just as standard as anything you can think of. And remember, there is nothing to take the place of MOTHER'S FRIEND. Advertisement.

There will be several stunts, plenty of music and a bag of laughter because of the local bachelors will be in attendance.

NEVER FOUND ITS EQUAL ANYWHERE

Gains 16 Pounds on Tanlac and Is in Fine Shape—Could Hardly Walk.

"Yes, sir, I have actually gained sixteen pounds on four bottles of Tanlac and that certainly seems remarkable for a person of my age, as I am now seventy," said A. C. Grimshaw of 828 The Owl Drug Store, recently. Mr. Grimshaw is well known, having lived in Los Angeles for a number of years, and his statement, while indeed remarkable, is by no means unusual as many thousands have testified to having used the medicine with the same wonderful results. In describing his case and failure to breathe and relief, Mr. Grimshaw said:

"About five years ago I began having trouble with my stomach. Nothing helped me and my condition kept getting from bad to worse until about three years ago I was so much in pain that I couldn't eat anything without suffering almost unbearable pains afterwards. Gas would come on my stomach and distress me so I could hardly sleep. I would wake up three and four times a night and never have water trying to ease my awful pain. I lost thirty-seven pounds in weight, dropping down from one hundred and sixty-five to a hundred and twenty-eight. I was very nervous and irritable and so weak that I couldn't walk down town without stopping to rest. My back hurt me a great deal and, in fact, my condition had become so bad that I had almost come to the conclusion that there was no help for me."

At the time I began on Tanlac I was clean out of commission—just unfit for anything—but now I can work all day in my garden, go where I please without getting tired. My stomach trouble seems to be a thing of the past now, for I can eat just anything I want and never have a pain or an uncomfortable feeling afterwards and sleep sound all night. In fact, Tanlac has put me in fine shape and during all my long experience I have never found anything to equal it."

Tanlac is sold in San Francisco and Oakland by The Owl Drug Company stores. Advertisement.

JOYFUL EATING

Unless your food is digested without the aftermath of painful acidity, the joy is taken out of both eating and living.

KI-MOIDS

are wonderful in their help to the stomach troubled with over-acidity. Pleasant to take—relief prompt and definite.

**Oregon Leading in Loan District Race**  
Oregon is leading all the States in the Twelfth Federal Reserve District in the race to be the first State in the

district over the top in the Victory drive. Marshall Dana, publicity director for Oregon, wired yesterday that twenty-three counties in the State had raised 80% of their quota. Portland has obtained 25% of its allotment.

## CAPITAL AND LABOR URGED TO END WAR

SAN JOSE, April 25.—Dr. Ray Lyman Wilbur, president of Stanford University, has been elected president of the California State Conference of Social Agencies. The 1920 conference will be held at Riverside. Action to this effect was taken at a business session at the University theater last night.

Unless capital and labor get together and settle their differences, the great middle class will arise and settle these differences for them, was the declaration of Rev. George Loughton of Riverside at the labor reconstruction session.

Milton H. Esberg, formerly chairman of the executive committee of the San Francisco Chamber of Commerce, representing the viewpoint of the employees and capital in regard to the labor question, stated that a co-partnership between capital and labor was the only solution of the problem and that sabotage and the boycott would have to be abandoned.

SEE MORE REVOLTS.  
Robert Hunter, lecturer, outlined world labor conditions in detail, gave the reasons for the development of Bolshevism, and said that nobody at the peace conference except President Wilson seems to understand either the permanent or temporary causes of these revolutions. He warned that Bolshevism might soon be expected in India, Egypt, Ireland, Spain, Italy, France, Norway and Switzerland. He declared that Bolshevism will destroy itself "unless our militarists do for us what the militarists of Germany and Russia did for their countries."

Organizations of the farmers of the United States into a social bureau to combat a foreign doctrine of destructiveness and the use of the good old-fashioned barrel stave in enforcing a better home discipline were advocated by Albert Lindley of Stockton, one of the leaders in the Farm Owners' and Operators' movement. Other speakers were John P. Irish Jr., of Stockton, who discussed "Farm Labor Problems"; Myrtle Griffin of Fresno and E. H. Wilson of Hanford.

SESSIONS END TODAY.  
Today's sessions will end the conference. Other officers chosen last night follow:

Senator Samuel C. Evans, Riverside, first vice-president; Miss Pearl Chase, Santa Barbara, second vice-president; Mrs. Edward A. Simon, Pasadena, recording secretary; Frank A. Miller, Riverside, treasurer.

Additional members of the executive committee are: Dr. Emory Bogardus, member of the faculty of the University of Southern California; Rev. Ralph P. Smith, Redlands; Mrs. Templeton Johnson, San Diego; Simon Lubin, Sacramento; J. C. Astroff, San Francisco.

**Sailor Drowns When He Falls in Estuary**  
Michael J. O'Neill, a sailor on the steamer Sierra, is dead as the result of an accident at the Lamer shipyard, where the boat is laid up for repairs. He was working on the deck when he fell into the estuary yesterday. Efforts at rescue proved futile, the man drowning before he could be hauled from the water. O'Neill came from New York and had no relatives on the coast. He was 34 years old.

"FLU" IN CONGO.  
BRUSSELS, April 25.—Great loss of life among the natives of the Belgian Congo as a result of an influenza epidemic is reported in dispatches received here. Some estimates place the number of deaths at 500,000.

## WOMEN'S FEET TOO BIG FOR TIGHT SKIRTS

When Morris N. Schneider, a local merchant, recently reached New York he stopped and stared. Then he passed a hand across his forehead and stared again. Finally he had to admit it. They were not animated boards or posts, but girls, real honest-to-goodness girls. By the time he reached home and told to friends his sensation at the sight, he had not recovered from the shock. That is why his statement today sounds as follows:

"The New York girl is charming, but God help her costume. When I was there before women had two things—bust and waist. Now, when I went back, so help me, they have neither. The most beautiful thing about the female form today—its curves—is wiped out by the silly fashions of the day.

"Bobtailed skirts and bobtailed hats, to go with them. And both of them are lacking in dignity as a bobtailed horse. Nothing that is bobtailed can be dignified. I blame most of it on a Parisian man milliner there who is the Bolshevik of fashion just as the futurists are the Bolsheviks of art. The futurists have no beauty in their souls, therefore, they say that beauty should not be expressed.

"I wonder, too, if the women realize what these short, tight skirts do to their feet. Most women's feet are too big and nearly all of them are ugly in themselves. They were never meant for display. The poet had it right who said they should be like little mice peeping from beneath a pair of slippers.

Listen to me! If you want to enjoy the nicest, gentlest dinner and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tonic to night. Your druggist or dealer sells you a bottle of Dodson's Liver Tonic for a few cents under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tonic is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tonic is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tonic instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—Advertisement.

## ANNUAL ELECTION OF LOCAL 'Y'

The annual membership dinner and election of officers of the local Y. M. C. A. will be held tomorrow night at the Y. M. C. A. building, and Lieut.-Col. David P. Barrows, dean of the faculties of the University of California, will be the speaker of the evening. Lieut.-Col. Barrows has but recently returned from service in Siberia, where he went as intelligence officer of the American army, sent because of his acquaintance with oriental affairs because of his work in the Philippines. Colonel Barrows is regarded as an authority upon conditions in Western Russia, and since his return his services have been much in demand for the purpose of giving information upon this important subject.

P. A. McCarl, head of the Y. M. C. A. National War Work Council on the Pacific Coast, who has been in Europe, will also be present, and will have a story to tell. This will be the annual meeting of the local association, and there will be the election of a new board of directors. It is understood that Ralph T. Fisher, for several years president of the local association, will not seek re-election, but will retire. Charles L. Tiltus, the new general secretary of the local association, will make his first appearance before a general membership meeting, and will outline his new program.

**FIREMAN MEETS DEATH.**  
BALTIMORE, April 25.—One fireman was killed and ten hurt when a wall fell on them at the ruins of St. Mary's Industrial School for Boys. The school was swept by flames earlier in the evening with a loss of \$500,000.

## Shakespeare Contest at the Greek Theater

The Annual State Shakespearean Festival will be held at the Greek theater tomorrow afternoon, under the auspices of the dramatic committee of the University of California. Over fifty schools, including the University High school, will participate in the declamation contest which will take place in the morning. The winners will declaim in the afternoon at 2:30 o'clock. Phillip Kloss and Miss Alice Graham are to be the participants from the University school.

The fraternities, sororities and house clubs will entertain the contestants as their guests during their stay in Berkeley.

## Berkeley Professor Is Religious Head

Dr. C. C. McCown, professor of New Testament Interpretation at Pacific School of Religion, Berkeley, has been appointed director of religious activities in the western department for the National War Work Council of the Y. M. C. A. to succeed Dr. John R. Voss, who left to become divisional executive for the Inter-Church World movement.

In making the announcement today Dr. A. McCart, executive head of the war work council on the Pacific coast, stated that Dr. McCown's work will include the direction of religious work in all the Y. M. C. A. units in the eight states of the west.

Dr. McCown, who lives at 1505 Euclid avenue, Berkeley, spent four years in educational work in Calcutta, India, where he went for the Methodist Board of Foreign Missions. He spent two years studying in Europe, was for two years professor of biblical history and literature in the "Y" college in Chicago, and for the past four months has been in charge of religious activities for the Y. M. C. A. at the Presidio, San Francisco.

## Sextuple Launching Is Planned President to Press the Button

One day next August President Wilson and Secretary of War Baker will press electric buttons at Washington that will send two vessels from the ways at the Moore Shipbuilding Company into the estuary. Four other vessels will be launched on the same day, six in all, constituting a record which the world has not previously achieved.

Next Sunday two freighters and a tanker will be launched at the yards. This duplicates a feat that, in wartime, was considered a marvelous achievement. On last July 4 four vessels were launched at once in an Oakland yard. Now both these records are to go by the board when six craft are sent into the water on one tide.

The Nokotay, a freighter of 9400 tons, the first of the three new vessels to be launched at the Moore yards, will be launched at 10:45 o'clock in the morning, followed by the tanker Miskanza three-quarters of an hour later. The freighter Nokotay, also of 9400 tons capacity, will slide from the building ways at 11:15 a. m., the three vessels being launched within an hour.

The launching of the six vessels on a day in August yet to be selected will be celebrated by a general holiday along the waterfront. A patrol of destroyers of the United States navy will be riding at anchor in the inner harbor as a special tribute to the ability and workmanship of the men who designed and built the ships.

25 SHIPS FOR U. S. The six vessels to be launched are among the ten now on the building ways at the Moore yards. The company has seventeen more vessels to deliver to the United States Shipping Board, at the latest estimate, probably by the end of 1919. From the time the company has launched twenty-five vessels for the government. These include twenty-one freighters of 9400 tons capacity each, two freighters of 7200 tons and two tankers of 10,000 tons each.

This week the company sought permission of the federal district court to sublease 12.57 acres of adjoining waterfront property from the receivers of the Coast Bay Lumber Company. By the terms of the lease the rental is fixed at \$1250 a month. The present lessee, the Western Pacific Company, has agreed. The action was taken with the approval of the court.

This court action points to further expansion which the company proposes to make at once and which has already been announced. Two marine ways and a drydock are to be constructed. The last, when completed, will accommodate vessels up to 20,000 tons gross weight. The original marine railway plant is also to be overhauled and lengthened 155 feet.

51 SHIPS BEING BUILT. More vessels than at any time during the war are under construction today in shipyards about the bay. The tonnage building is twice what it was a year ago. There were twenty-three merchant ships building in four yards a year ago; there are fifty-one ships building today in six yards. G. W. Green, superintendent of the Emergency Fleet Corporation, has just published these figures. Not a yard on the bay, he says, has fewer ships under way now than then.

Green also makes the following clear: During the war it was found possible, with the greatest speeding up, to get vessels off the ways within twenty-four days of the time the keel-blocks were set. Since the armistice the desire for speed has bowed to the desire for better ships. Greater efficiency in construction has followed.

## Seven Minutes for Robbery Verdict

Seven minutes were required by the jury in the case of Ray Heath to return a verdict of guilty of highway robbery yesterday afternoon before Judge T. W. Harris. A week ago Walter J. Norton, partner of Heath in the crime, was convicted in ten minutes by a jury in the same department. The two men held up a number of persons in the vicinity of Lake Merritt, firing a shot at one of the victims.

### Ten-Day Sentence for Auto Driver

Richard Freijord, whose automobile last Monday evening ran into Mr. and Mrs. A. D. Stewart and their 19-month-old son Stanley, who was in a baby carriage, was sentenced to ten days in the city prison today by Judge Judge Samuelson on a charge of driving his automobile while drunk. The accident happened at Eleventh and Harrison streets. The baby in its carriage was knocked under the automobile and wedged tight there until the automobile could be lifted.

### I. W. W. Suspect to Face Deportation

Adolf Ersson, alias A. Carlson, alias Eric Lundin, alleged to be a dangerous I. W. W., and wanted by the United States government for deportation to Sweden, was arrested today by Captain of Inspectors Petersen and Inspector Keefe at Nineteenth and Broadway on advice from San Francisco. Ersson was arrested in Oakland in 1915 and served a sentence of six months in the city prison for petty larceny.

### FIVE HONOR FLAGS FOR LOAN WORKERS

Two different types of honor flags will be awarded for meritorious work during the Victory Liberty loan campaign.

The two flags are—a community flag, industrial and organization flag, subscriber's window emblem, non-school 100 per cent emblem, and industrial flag for individual names. The community flag will be given to clubs and towns which raise their quota in the drive. It will be a white flag with a red border and a blue V in the center. A blue star will be added for each 50 per cent that the community subscribes. Counties will be given a similar flag if they reach their quotas.

A special honor flag will be given by the treasury department to each state exceeding its quota. In addition, a state raising its quota will have its name inscribed on the list of honor to be hung in the treasury department building in Washington, D. C.

The industrial and organization flag will be awarded by the county committee to all lodges, organizations and industrial concerns 75 per cent or more of whose employees subscribe to the Victory loan.

Every subscriber to the Victory loan to greater what the amount of his purchase will be given a loan flag to hang in his window. The flag will be given to the individual subscriber at the time he makes his payment on his Victory note.

The 100 per cent household honor flag will be handed to the head of each family when a subscription has been received by the local district committee from each member in the household.

An industrial honor flag will be given to every lodge, organization or industrial concern making subscriptions to the Victory loan, with room on the flag for up-grading 100 names of subscribers of the concern.

The national honor flag will be awarded by the treasury department to the state making the largest over-subscription to the loan.

### Woman Tells Why She Killed Man Weeps Only at Memory of Her Baby

By JESS DORMAN.

Yelka Obradovich, the Slavonian woman defending herself against the charge of murdering her husband before a jury in Judge James G. Quinn's department of the superior court, is not a beautiful woman by western standards, although she would be fair to see if the light of happiness could gleam in her eyes and the pall of the shadow be taken from her heart.

Notwithstanding she is not beautiful, and in spite of the fact that the setting of the tragedy was made sordid by other poverty, her husband being many years her senior and victim of circumstances that made life a struggle, the trial presents many of the identical features that have characterized famous trials of women who killed to protect their fidelity and the honor of their home.

In quaintly broken English, which she has learned to speak while in jail awaiting her trial, Mrs. Obradovich, carefully directed by her attorney, H. A. Davis, told the jury the story of why she killed her husband, Dugandz, February 10, at their little home on C street, near Ninety-eighth street, in San Leandro. "The spectators' section of the courtroom was not crowded with richly-dressed women and distinguished men, and the countenance of the defendant sat in sullen attitude of listening while she spoke, but the members of the jury sat forward in their seats and the court officials and others present listened intently to the recital.

There had been a gathering of quite a number of people at the house. The floors of which are bare, and in which the furnishings are home-made. They looked over the early part of the evening, while Mrs. Obradovich prepared the food for their dinner, attended to her two babies, milked the cow and busied herself about the affairs of the kitchen. Then many of them went away, all but Dugandz, John Ponich, Sam Rassevich and one other. These sat talking and Mrs. Obradovich joined them. Her husband was a powerful, strong man, and a good worker. She sat on a home-made bench beside Dugandz, whom she had known years ago in the old country. He appears to have been the dominant person of the group, big and powerful, moving over toward Mrs. Obradovich, he put his hands upon her in the manner of a caress. She told him he should be "ashamed," and that he should not do so. She moved away and he followed. She begged him and one of the babies, who had been put to sleep in the adjoining bedroom, awake and cried. She went to it.

ENDING OVER BABY'S BED. According to her story, which is corroborated in detail by Rassevich and Ponich, although disputed by the people's witness to the affair, Dugandz followed her into the room and closed the door. As she crooned

The defendant said she was "ashamed" to bring it to her home. This confession, which, after the question had been asked, she insisted with haughty defiance upon telling, declaring she would tell all the truth, brought to her eyes the only tears she shed during her recital.

HAD TOLD HER HUSBAND. After a while, she said, her husband was told, and he forgave her. She declared she had been a true wife to him since that he had been good to her, and the incident was never discussed between them.

Mrs. Obradovich, the jail matron, testified that Mrs. Obradovich on the day of her arrest told her the same story as she told on the witness stand, and the two men who sat in the room during the two-hour scene, silently looking on, corroborated in detail. Why they did not interfere was not explained, except in the broken language of the defendant, who was understood as saying that Dugandz was "the boss" and as powerful as the others combined.

Mrs. Obradovich declared that she never intended to kill him, but only to scare him away from the house. When he grabbed her by the throat she fired.

The other witness to part of the happenings, a cousin of the dead man, said that the deceased and Ponich were fighting and that Mrs. Obradovich took up the side of Ponich, who, he said, was her lover, and in whose defense she shot was fired.

Crowd to Be Filmed as Soldiers Return

The TRIBUNE has made arrangements to film the crowds that assemble to greet the returning soldiers of the 12th Regiment. Several attention will be paid by the camera man to reunions of parents and son, husband and wife and soldier and sweetheart. Arrangements will be made to show the film at one of the moving picture theaters.

### Private Bulski to Be Welcomed Home

Men in the 56th Regiment, which arrived at Camp Kearny Tuesday night, are being demobilized today. Private Edmund Bulski, son of M. Bulski, who has served with this organization overseas, will be welcomed home tomorrow.

KNOCKED DOWN BY ROBBERS. William Martin, 1209 Twelfth st., was knocked down by two bandits, who attempted to rob him while he was walking home at an early hour this morning. The attack occurred on Center street, between Sixth and Seventh. The robbers got nothing, his release.

### "World Has Ended," Rutherford's Theme

J. T. Rutherford, president of the International Bible Students' Association, will speak at the Municipal auditorium Sunday evening at 8 o'clock. His subject will be "The World Has Ended; Millions Now Living May Never Die." Rutherford is author of the book, "The Finished Mystery," the publication of which brought him into conflict with the federal authorities and resulted in his being sentenced some months ago to 25 years in the federal prison at Alcatraz. He is awaiting retrial. He declares that Judge Howe, who sentenced him, is interested in the movement for Seventh. The robbers got nothing, his release.

### Lift Corns Out! Doesn't Hurt!

Few drops stop corn soreness, then corns lift right off with fingers—No pain!—Magic!

For a few cents you can get a small bottle of the magic frezone discovered by a Cincinnati chemist. Just ask at any drug store for a small bottle of frezone. Apply a few drops upon a tender, aching corn and instantly that old bothersome corn stops hurting, then shortly you can lift it out, root and all, with the fingers.

Just think! Not one bit of pain before applying frezone or afterwards. It doesn't even irritate the surrounding skin. Hard corns, soft corns, or corns between the toes, also hardened calluses on bottom of feet shrivel up and fall off without hurting a particle. Ladies! Keep frezone handy on your dresser. Wonderful!

### MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys If Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or side, headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's useless waste get four ounces of Ad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine so it no longer irritates, thus ending bladder weakness. Ad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink. —Advertisement—

### ONCE GRAY HAired NOT ALWAYS SO

No longer is it necessary for men or women to be held back on account of gray hair. The business world takes less notice of gray hair nowadays—but why worry, when it can be easily restored to its natural color with the wonderful Co-La Hair Restorer? A scientific process discovered by Prof. John H. Austin, of Chicago, for developing the natural color of the hair in a similar manner to that of developing the photographic negative. It is positively the only satisfactory and instant treatment for restoring color to the hair in a mild, healthful manner. —Co-La Hair Restorer is absolutely harmless and will restore either the hair of scalp, is not a dye, contains no lead or sulphur, has no sediment and is as clear as water—pleasant and simple remedy to apply. It will not wash or rub off. —Co-La Hair Restorer comes in —Co-La Black and All Dark Shades of Brown. —AT—Extra Strong for Jet Black Hair. —AT—for all Medium Brown Shades. —AT—for all Very Light Brown, Drab and Auburn Shades. —Co-La is on sale in all Owl Drug Stores. —Advertisement—

## ARGONNE HERO HEADS PRESIDIO

Brigadier General John B. McDonald, who commanded the 181st Brigade of the 91st Division in the big final push of the Americans in the Argonne, yesterday took command of the Presidio.

General McDonald said that no change in the policies followed by Brigadier General E. J. McClellan, former commanding officer of the Presidio, would be made.

It was General McDonald's brigade, composed of the 381st and 382nd Infantry, which bore the brunt of the fighting in the last smash in the Argonne. After the 91st Division, as a whole, was sent back to the rest area following its heroic offensive, the 181st Brigade, General McDonald's unit, went back into the battle with the 1st and 32d Divisions and took a splendid part in the renewal of the action which finally broke the German front in the Argonne and which, it is believed, by many military strategists, was one of the main reasons which forced the enemy to seek an armistice.

It was in the Argonne that General McDonald's brigade that most of the casualties of the 91st Division occurred.

### Afternoon Classes in Americanization

An afternoon class in Americanization and Naturalization for both foreign born men and women is now being organized at the Oakland High School, Twelfth and Jefferson streets. The class session is from 2:45 to 5 p. m. Tuition is free.

Special night classes from 7:15 to 9:30 p. m. are especially adapted to men who are finding in them an opportunity for patriotism and efficiency. But the special emphasis of the afternoon class is for those women who find it impossible to attend night classes. The school will arrange to take care of the children of these mothers, and will attend to them without bringing their children.

Instruction will be given in reading and writing English and in Naturalization. It is hoped a large number of women as well as men will soon enroll for this course at the Oakland High School.

### Gets \$1 from Man Who Robbed Orchard

YAKIMA, April 25.—Richard Stroger, agent of the land office, received a dollar by mail from a convenience-stricken man who acknowledged robbing his orchard of peaches nine years ago.

## THIS WOMAN FOUND HEALTH

And Escaped an Operation by  
Taking Lydia E. Pinkham's  
Vegetable Compound.

Hazelhurst, Ga.—"I have used your remedies for only a few months and they have saved me from an operation. Before I took Lydia E. Pinkham's Vegetable Compound I was so ill from female trouble that I was forced to stay in bed for a week at a time with weakness and pain, but your medicine has done so much for me that I am recommending it to all suffering women. It certainly is a great medicine and is a sure road to health for women. You may publish this letter if you like."—Mrs. W. C. LITTLE, R. F. D. 4, Hazelhurst, Ga.

Women who suffer from headaches, nervousness, backache, the blues and other symptoms of a functional derangement should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For forty years it has been overcoming such ailments of women after other medicines have failed.

If you want special suggestions in regard to your condition, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of long experience is at your service, and your letter will be held in strict confidence.

## U. S. WASTED BILLIONS IN SHIPS, CHARGE

CHICAGO, April 25.—After two days of the government's ship-building program were scathingly arraigned at the session of the national foreign trade convention today by Homer L. Ferguson, president of the Newport News Shipbuilding and Drydock Company.

"It was apparent that the opinion of anyone who knew anything about ships was not wanted at Washington," Ferguson declared.

"The entire fleet of Great Britain cost \$1,000,000,000 and the fleet of the United States cost \$2,000,000,000. During the war we spent for a fleet that is probably only half that of Great Britain in earning power and usefulness \$4,000,000,000. What Congress plans to do now I have not the nerve to suggest."

Edwin N. Hurley, chairman of the United States Shipping Board, was present at the convention and heard Ferguson's arraignment. He is expected to reply in an address he will deliver before the convention tonight.

Ferguson further declared that the government shipbuilding program was a colossal waste of money. He said that the government shipbuilding program was a colossal waste of money. He said that the government shipbuilding program was a colossal waste of money.

## OAKLAND DEATH RATE IS SECOND LOWEST IN U. S.

Oakland is still maintaining its general standing in the weekly health index issued by the United States Census Department. For the week ending April 22, Oakland ranks second as the most healthy city in the United States. The week before Oakland was absolutely the most healthful.

For the week ending April 12, Oakland had a death rate of 12.2 per thousand of population, while the only city in the United States with a better record was St. Paul, Minn., with 11.7. If Oakland had been given its fair estimate of population it would have beaten St. Paul.

The average for the week for the country was 16.2, so that Oakland's rate of 12.2 compares very favorably. Los Angeles showed a rate of 13.5 and San Francisco of 15.

## WIFE EQUALITY FIGHT CARRIED TO LAST DITCH

The revolution is on. Whether or not Governor William D. Stephens places his signature on the community property bills sponsored by the 90,000 members of the Women's Legislative Council of California, is being fought by scores of the most brilliant women leaders of the state, and passed at almost the last minute of the legislature to the governor for his approval, somebody is bound to get his feelings hurt.

The women are rejoicing in their victory. The men have thrown up their hands at this modern and what they are pleased to term "the most radical piece of legislation ever proposed in California." They marvel at the ingenuity of their womenkind who have put it across. About the governor's office is circling a disturbed group of the legal fraternity and business men and an enthusiastic group of feminine victors who led a forlorn hope before two previous legislatures. Governor Stephens is "sawing wood."

Under the new law awaiting the governor's approval, when a husband dies, leaving no will, the entire community property goes to the widow or vice versa. Both husband and wife may will one-half the community property to the children. With the consent of the husband or wife, either spouse may will all or portion of his or her share of the community property to others than the children, but the consent of the other must first be obtained.

"A married man cannot leave property to his mother unless he makes her his mother-in-law," fumes one legislative expert. But according to the women, becoming a mother-in-law would not help much, for the consent of the husband would be necessary to the wife's parent even as her consent would be obligatory in event that he desired his portion to go to his mother.

**MEN TALK REFERENDUM.**

Rumor that the men folk will start a referendum in case the bill becomes law are already heard. "The men are grilling their teeth in the sharing of their privileges in community property by the women. They cry 'injustice' in not being permitted to leave their property to charity without first appealing to their wife," is the cry. "It is true," asserts Senator Thompson of Santa Barbara, author of one of the community property bills, "that a man cannot will his share of community property to his mother if it is his wife's object. On the other hand the wife cannot provide for her parent against the objection of the husband. The provision was not in my original bill but was written in by the Assembly and agreed upon in the free conference and sent to the governor."

**HOW ABOUT STEP-CHILDREN?**

Critics attack the measure on the ground that a husband would be obliged to pay an inheritance tax similar to that which the wife under the present law now pays. Moreover, they are greatly agitated over the fate of the children by a first marriage when the will of the father should be read. But the women are as greatly interested in the fate of the children by a first marriage when the will of the mother should be read.

Under the present law, it is pointed out that if a man dies without a will, one-half the community property goes to the wife and the other half to the children of the husband in equal shares whether they be those of the unsurviving wife or children of a previous marriage. Again, if the husband dies without a will and leaves no children, the widow still takes her one-half and the other half goes to the father or mother of the husband, or to the brothers and sisters down the collateral line. One-half of the community property is absolutely his to dispose of as he sees fit to relatives, friends or charity.

The new law awaiting the governor's signature makes the wife a partner in community property.

## Girl Confronts Burglar and Puts Him to Flight With Rifle

MISS HELEN TUTTLE, 14 years old, and the rifle with which she routed a burglar, who with bullets whizzing about his head left his loot behind.

## Bullets Rout Thief and He Leaves Behind His Hat, Filled With Loot

TRIBUNE BUREAU  
2011 SPRATT AVE.  
BERKELEY, April 25.—"Hands up!" called a burglar to a 14-year-old Helen Tuttle at the home of Mrs. Garnett Young, well-known young society matron, as she entered the Young home, 1211 Spruce street, shortly after 9 o'clock last night.

Miss Tuttle raised her hands, but in them she had a .22-caliber rifle. Before the burglar could move he found himself the target of the fair young miss with two shots whizzing past his head. How many more were fired he didn't want to ascertain and he left a hasty retreat down the front stairs of the home.

The entrance of the Young home members of the police department found the burglar's hat filled with jewelry and silverware valued at several hundred dollars. This the burglar had dropped in his flight, not waiting to take his hat with him.

That all was not well in the Young home Miss Tuttle declared she discovered upon returning to the residence last night. Through a bedroom window she saw a flashlight playing on the dressing table containing Mrs. Young's jewelry. She stealthily entered the house and was confronted by the burglar in the hallway.

"If it hadn't been dark I'd surely have gotten him," declared Miss Tuttle today. "I thought first I'd hit him over the head with the rifle, but decided shooting would be the most effective. The rifle was lying in the hallway and I picked it up and fired."

Miss Tuttle is of the belief that gives her a voice in its disposition even as it gives the husband.

"What's good for Jack," quote the women, "is good for Jill. If we help earn, we should help dispose."

## YOUNG BRIDE HOPEFUL IN JAIL SHADOW

"Of course I'll stand by my husband. I married him for better or for worse and I'll be waiting for him when the prison doors open again to release him."

Thus declares pretty 20-year-old Bernice Strangland, bride of Martin Strangland, 23 years old, confessed leader of a band of youthful burglars responsible for the theft of more than \$30,000 in jewelry in the bay section.

Mrs. Strangland was taken to the Berkeley police station this morning by Detective A. E. J. Woods from the home of her father, 1601 Sacramento street, San Francisco, where most of the loot from the jobs directed by Strangland was found. She admits helping her husband in his burglaries, declaring that she acted as a "lookout" for him and his confederates.

**WIFE EXPECTED ARREST.**

"I knew this would come, though," she sobbed when detectives informed her that her husband and his three companions had been arrested in Berkeley. "I've been expecting this for some time."

Mrs. Strangland sat beside her husband while the latter with Brownell Pratt, 22 years old, claiming to be a student at the University of Washington, identified the loot brought to Berkeley by the detectives. Both, according to the police, have made a complete confession of their guilt and are declared responsible for a long list of jobs in Oakland and San Francisco.

Their looting of the home of Professor A. C. Larson, 1515 La Loma avenue, Berkeley, on Wednesday night, which led to their arrest, the police declare, is their first Berkeley job.

**YOUTHFUL CONFEDERATES.**

Accosted with Strangland and Pratt as confederates were Ray Lavin and Gerald Sigrlinson, both 19 years old and both recently discharged from the navy. The police declare that Lavin and Sigrlinson were probably caught on their first job, having known Strangland in San Francisco and being persuaded by him to help in "picking up some easy money."

Both of the boys declare that they came to the bay section to sell souvenirs during the celebration in honor of returning troops and that Strangland led them into their misdeeds. Several suitcases with loot of minor value were found in the rooms of the two boys at the Italian hotel in San Francisco.

Strangland, according to police records, served a term for burglary in Washington, being recently released from the penitentiary. He has been married but a few months. All of the youthful bandit gang were arraigned today in Judge Edgar's court in Berkeley.

**NEW CHINATOWN DETAIL.**

SAN FRANCISCO, April 25.—Another change in the police department here was announced today with the appointment by Acting Chief of Police Dan O'Brien of Detective Sergeant James Skelly to take charge of the Chinatown detail, succeeding George Richards.

## SUICIDE ATTEMPT LEADS TO AUTO WRECK; 2 HURT

Mrs. Amelia Hebebrand took poison yesterday at her home, 1240 Thirteenth street, after a quarrel with her husband. The police ambulance, driven by Alfred Heide, was rushing her to the receiving hospital when it struck an auto driven by George Kane, a jeweler, 1129 Elm street, and in which Fred Horton, a machinist, was riding. Both were thrown out by the collision.

The police ambulance took them to the hospital with Mrs. Hebebrand. The men were not seriously injured. Mrs. Hebebrand will recover.

## AMERICANS DISSSENT ON WAR BLAME

PARIS, April 25 (by the Associated Press).—It has become known that the American delegates have been unable to agree to certain portions of the report adopted by the majority of the commission on responsibility for the war, and, as presented to the council of four, the report contains a memorandum setting forth the American reservations.

# BERKELEY TO ELECT MAYOR TOMORROW

BERKELEY, April 25.—Berkeley voters will cast their ballots tomorrow for a third time in a month and will elect a mayor and two councilmen to sit on the city official body. All other municipal offices were filled at the primary election.

For mayor the contest lies between Samuel C. Irving, incumbent, and Louis Bartlett, attorney. On the city council the fight is between four candidates, namely, George T. Baxter and Charles M. Boynton, incumbents, and George Schmidt and Carleton T. Bartlett. The council fight is conceded to be one of the closest ever staged in the city, all four candidates having strong backing and being prominent in business circles.

Owing to the fact that neither Councilman Bartlett nor Councilman Boynton received a majority of all votes cast at the short-term places on the council at the primaries they will be forced to run again. Their opponents are A. S. Olney and Carleton Bartlett.

Polls tomorrow will open at 6 o'clock in the morning and close at 7 in the evening. Polling places will be the same as for the primary election.

## U. C. Is "Over Top" in Loan Drive

BERKELEY, April 25.—After a campaign of but three days the University of California has gone "over the top" in the Victory loan drive by more than \$1000.

While \$25,000 was set as the campaign quota, almost \$26,000 has been raised, with subscriptions still being received. Clyde Lamborn headed the students' committee in charge of the drive, while Assistant Comptroller R. G. Sproul organized volunteer workers for canvassing the campus. Faculty and students are represented in the subscriptions raised.

BERKELEY, April 25.—Professor Paul Sherry, head of the Department of the Greek Language and Literature at the University of Chicago, who is giving courses in Greek literature at the University of California, has accepted an invitation to deliver the Phi Beta Kappa address here on June 2.

Professor Sherry will also give the commencement address at Leland Stanford Junior University on June 16.

Prof. Sherry, who was recently elected to membership in the American Academy of Arts and Letters, is also a member of the National Institute of Arts and Letters, and has received the honorary degree of Doctor of Literature from the University of Wisconsin and Brown University.

## Alameda Policeman Visits Gassed Son

ALAMEDA, April 25.—Policeman Charles Keys returned yesterday from Camp Keas, where he went to see his son, Benjamin Keys, an overseas soldier who is in the Keas hospital recovering from the effects of gas.

Keys was wounded "in gassed months ago. He was reported dangerously wounded but no mention of the gas was made at the time. He is getting along satisfactorily in the hospital, but will not get out until he is completely recovered."

## WILLIAM PETERSON DEAD.

RICHMOND, April 25.—William Peterson, 51, Berkeley business man, died here yesterday at the home of his sister, Mrs. E. X. Tupper. He had been ill for two months.

## Husky Athlete Is Thrown by Woman Mere Man No Match For Diana

BERKELEY, April 25.—With a single deft twist, Diana Watts, ex-champion of the art of the ancient Greeks, proved her right to the name of the Calinut goddess by throwing a college athlete yesterday afternoon at the Greek theater.

John Holt, University of California minor, representing six foot of six inches, was the victim of the fair Diana's strength. Limp and vanquished he fell at the feet of the feminine athlete.

Mrs. Watts' unique demonstration came during a dance in which she was supposed to be attacked by an ancient villain. Dropping the man in a flash, the throwing of the athlete came as part of a program aimed to demonstrate the physical prowess of the ancient Greeks through the medium of plays of famous statues.

To the Greeks, Mrs. Watts attributed the secret of eternal youth. "It is a disgrace to get old," she declared. "We have forgotten how to act naturally in our movements despite the fact that anything but the usual way of doing things is called unusual."

The modern girl, the lecturer declared, is all wrong. She is not a "line" and "balance" in the stride, but a stiffness of certain muscles of the body.

As part of her demonstration, Mrs. Watts shot across with a bow more than 100 years old, also throwing the discus in the manner of the ancients.

OF AIRMEN SOUGHT

Expressing the belief that such information will prove of great value and may be advantageously used in the future written history of this country, the director of aeronautics at Washington has asked the officials of the University of California to co-operate with that department in its efforts to assemble personal stories of men who have been with the air service overseas.

Several young men who took courses at the school of aeronautics at the University have distinguished themselves in Europe and are now returning to their homes with tales of thrilling adventures in the air.

The director of aeronautics at Washington is especially desirous of obtaining the best features in letters that relatives and friends in this country. Also the university authorities are asked to furnish copies of letters from the overseas fliers published in local magazines and newspapers.

It is pointed out that such facts will furnish information of much historical value that could not be obtained from any other source. The director of aeronautics says further:

"This information should find a place in the written history of the country. Also it will interest the people of the community and is otherwise of greatest

ASK RELATIVES  
TO STAY AWAY  
FROM THE TRAIN

The civic welcome committee requests the public to follow the instructions given below:

Relatives and friends of men of the 159th Infantry and detachments of the 362d and 347th regiments are requested to remain away from Third and Washington streets. Places for them have been provided in the grandstand at the City Hall Plaza.

A crowd at the train would inconvenience the military in forming the parade.

Broadway and Washington street, below Sixth street, is needed for the formation of the parade, and citizens are requested to leave these thoroughfares cleared.

The crowds are requested to keep back of the roadway and on the pavement along the route of the parade.

Relatives and friends will have an opportunity of meeting the soldiers at the Defenders' Club, Thirteenth and Harrison streets, between 4:30 and 6 p. m.

Importance to the whole country. It may yet prove of far more interest and concern to the locality and to the University of California as well."

OLD GUARD TO BE  
IN 159TH PARADE

ALAMEDA, April 25.—The old guard of Company G of Alameda and members of Camp Barrett, Spanish War Veterans, met at the Chamber of Commerce headquarters in the city hall last night to discuss plans in connection with Oakland's welcome to the 159th Infantry Sunday.

City Clerk R. E. Bosshard, served as secretary, with Captain Rushton McConnell, former Company G commander, presiding.

The old guard and the Spanish War Veterans will take part in the parade, together with a municipal representation, the Alameda Bethlehem plant band.

Among those present at last night's meeting was Lieutenant Edward Von Schmidt of the 159th, who is home on furlough in advance of his regiment, and who was a member of Company G.

The Alameda boys with the 159th are Lieutenant Von Schmidt, Sergeant Geo. L. Noble, Sergeant Asa French, Sergeant Matt Hanson, Sergeant Frank Barrett, Sergeant Hugo Uphoff, Sergeant George Peterson, Supply Sergeant William Peck, Mess Sergeant R. Von Schmidt, Corporal Vernon Cronkhite.

YOUTH PREVENTS  
NEW HONOR FOR  
YOUNG AUTHOR

If Charles Greenbaum had not been a Freshman and but 12 years old, he would have been chosen one of those to represent the Oakland Technical High School at the Shakespearean festival in the Greek Theater tomorrow. But youth must wait on age, and Greenbaum, the youngest author of a book of published verse in Oakland, is contenting himself with the honor of being the first freshman ever addressing the student body.

Ten star students took part in the Shakespearean contest. Dallas Anderson and Arthur Hunt were chosen by popular vote on the quality of their work to uphold the school banner.

Greenbaum presented the balcony scene from "Romeo and Juliet." But thirteen and one of the youngest pupils in the high school prohibited his selection by the 2500 students.

364TH BOYS IN  
EL PASO PARADE

EL PASO, April 25.—Wearing their shell-dented trench helmets, hobnailed shoes and overseas olive drab with the green fir tree of California on their right shoulders, the 364th infantry paraded thrashed through the city here today as a part of the Victory Loan campaign.

The California Regiment arrived at 10 o'clock on two trains in command of Major Rosch.

The Californians were met at the station by the Victory Loan committee and requested to parade in the interest of the Victory Loan.

Major Rosch ordered the men to replace their overseas caps with their helmets and, led by "Bessie," the whippet tank which is here for the loan drive, the California troops marched through the city behind a military band.

Don't fail to subscribe to the Victory Liberty Loan. Aside from being loyal to the men who fought for you, you couldn't possibly make a safer and better investment.

## A RAW, SORE THROAT

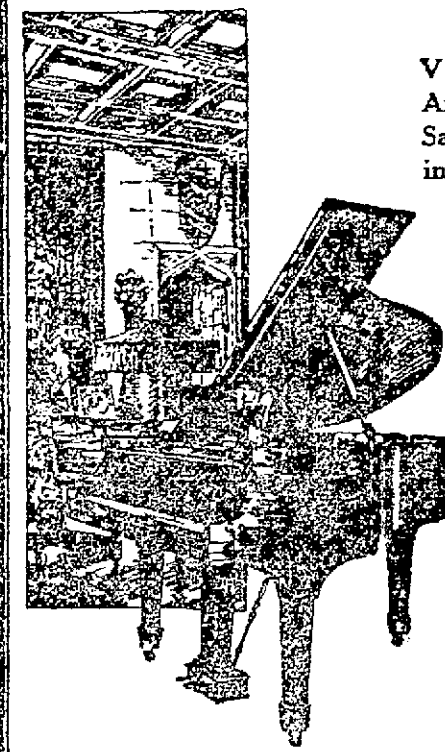

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use. 30c and 60c jars; hospital size \$2.50.

DR. CARTER'S K. & B. TEA  
REAL SPRINGTIME TONIC  
AND BLOOD PURIFIER

Old Fashioned Vegetable Remedy  
That Drives Out the Impurities  
of Winter.

Take Dr. Carter's K. & B. Tea as just about the best spring system regulator you can get and don't fail to give it to the children also.

A good-sized package costs but a trifle and with it, you can brew enough real good medicinal tea to last a long time.

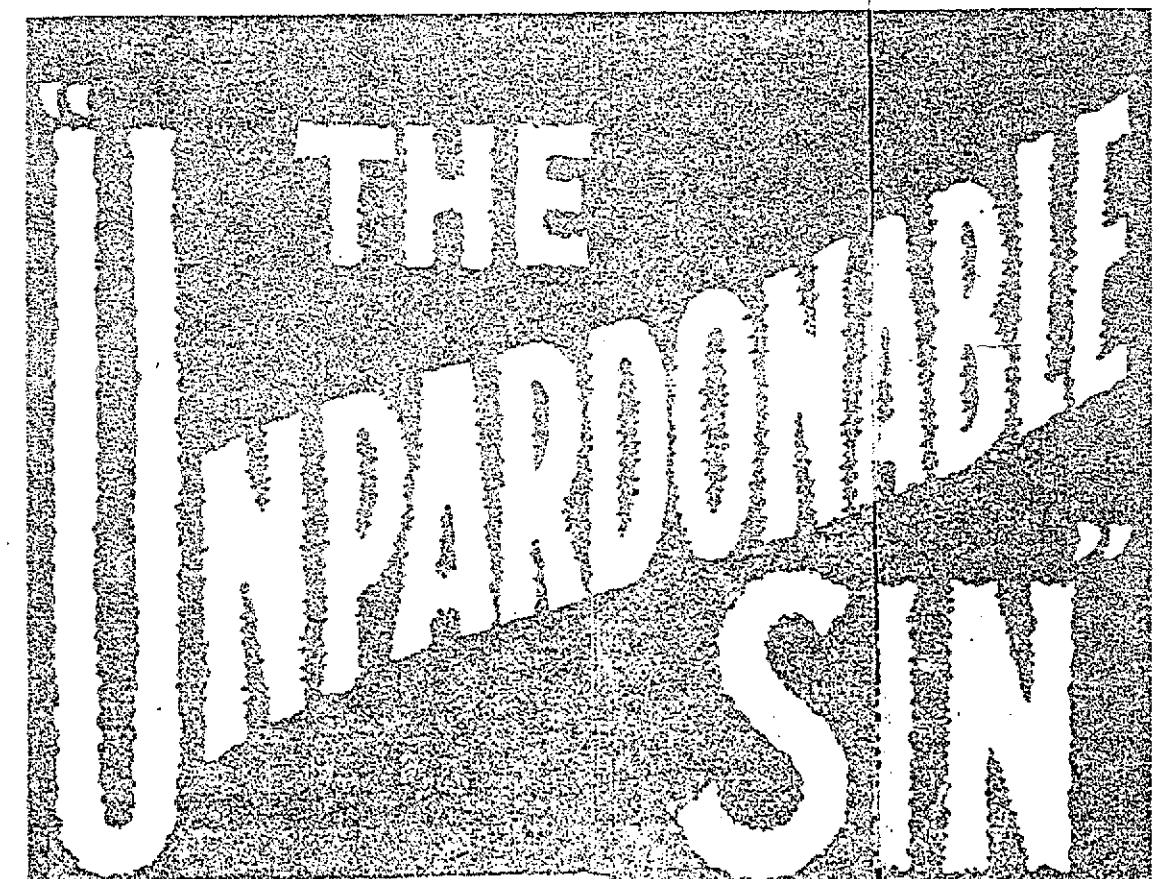

And such wonderful tea—it's pleasant to drink and it just does regulate the stomach, liver and bowels without any distress or harshness.

Ask your druggist for a package today. Take a couple every night for two weeks—it's one good sensible way to give the entire system a good spring cleaning. Children love it.—Advertisement.

Plumber Thought He  
Needed New Pipes

"My stomach and intestines were always full of gas and I often had severe colic attacks. The pain and soreness caused me to think I needed a new set of pipes. Since taking Mayr's Wonderful Remedy all this has disappeared and my only trouble now is to make enough dough to buy all the food I'd like to eat." It is a simple, harmless preparation that removes the entrained mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. (Signed) Dr. Drug Stores and Druggists everywhere.—Advertisement.

No Great Act of Heroism Required.  
If some great act of heroism was necessary to protect a child from error, no mother would hesitate to protect her offspring, but when it is only necessary to keep at hand a bottle of Chamberlain's Cough Remedy and give it as soon as the first indication of croup appears, there are many who neglect it. Chamberlain's Cough Remedy is within the reach of all and is prompt and effective. For sale by Osmond Bros. Drug Co.,
